MANUFACTURERS OF FINELY CRAFTED STEEL DOORS AND WINDOWS

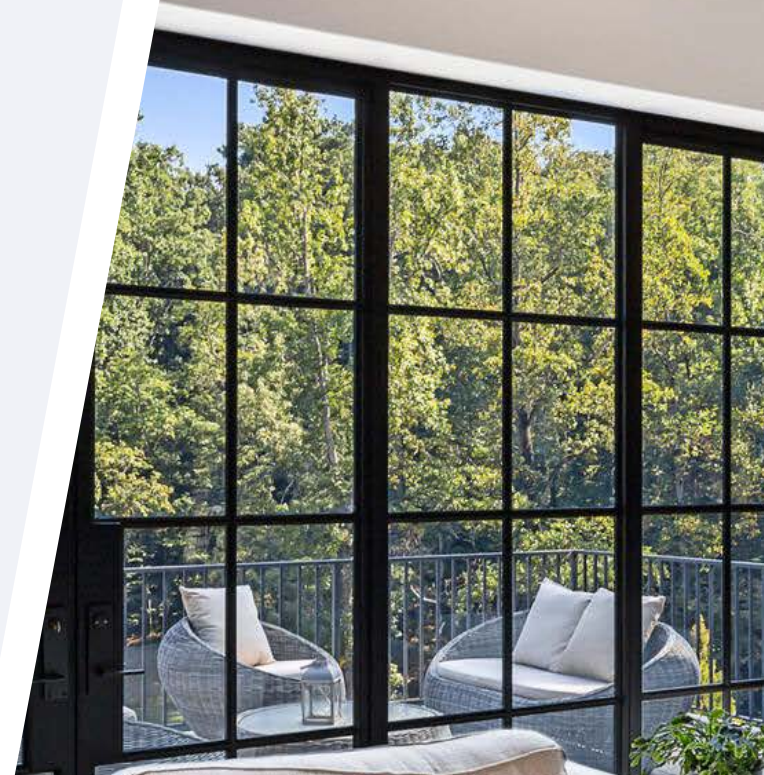

We manufacture the finest steel doors and windows on the market. Each unit is made to exacting standards and always with an eye on quality and longevity.

We strive to create partnerships with our customers to add elegance and modernity to their projects and ensure their design requirements are met.

From sales, to the shop drawing phase, and beyond, we include our customers in the process and make sure that their expectations are being met. We do this through a proactive approach, and a sense of urgency that separates us from our competitors.

Warranties that are comprehensive and provide our customers with assurance that when you chose Stellar, you are choosing a partner that will manufacture to the most rigorous standards and back it up with a warranty that let's you sleep well at night.

We have nationwide reach and through special arrangements with our freight partners, we can ship our products throughout the United States and Canada at the absolute best rate.

A modern interior space featuring large black-framed windows. The left window looks out onto a green landscape with trees and a brick building. The right window looks out onto a stone wall. A framed painting of a snowy landscape hangs on the wall, illuminated by a modern gold-colored floor lamp. A blue semi-transparent banner is overlaid on the left side of the image.

COMPANY OVERVIEW

ABOUT THE COMPANY

- ✓ A history of manufacturing spanning decades and experience at every level of the manufacturing and logistics process.
- ✓ Successful product delivery throughout the USA and Canada and in many different climates.
- ✓ Quality products that meet or exceed our customer expectations.

HOW THE PROCESS WORKS

- ✓ You are assigned a project manager to take you through the design process.
- ✓ Once shop drawings are approved, we consistently update you on the progress of your units through photographs and personal communication with the project manager.
- ✓ We crate the units and provide logistics service so that your units arrive on time, and undamaged.

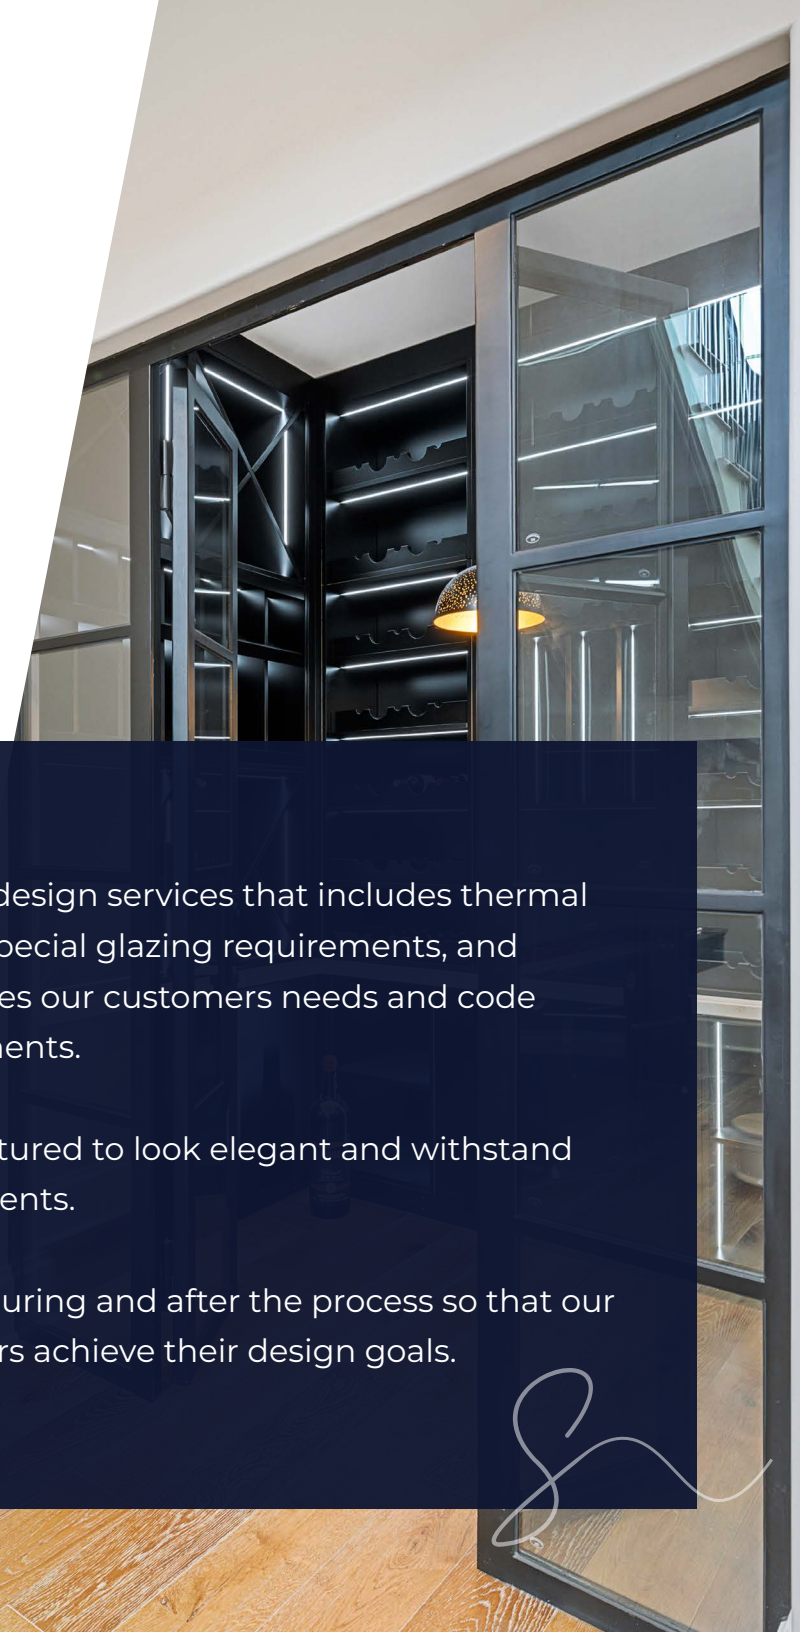

SERVICES

The image shows a bright, modern dining area with a large wooden table and chairs. The room is characterized by its extensive use of glass, with floor-to-ceiling windows and a glass door that opens onto a patio. The patio features a lounge area with white cushions and a view of a swimming pool and dense greenery. The interior has a white ceiling with exposed wooden beams. A blue semi-transparent banner with the word 'SERVICES' in white capital letters is positioned on the left side of the image.

SERVICES

Custom or pre-made fine steel doors and windows with service and an attention to detail.

Lead time on custom orders that far surpass our competitors, as we have developed a streamlined manufacturing process that utilizes premanufactured parts to ensure the fastest delivery possible.

- ✓ An ordering process made simple.
- ✓ An approval process that is easy and tailored to our customers needs.
- ✓ Manufacturing that is specialized and uses the latest technology to deliver a beautiful and consistent product to our customers.
- ✓ Custom design services that includes thermal breaks, special glazing requirements, and anticipates our customers needs and code requirements.
- ✓ Manufactured to look elegant and withstand the elements.
- ✓ Service during and after the process so that our customers achieve their design goals.

Let us help you with your steel door and window needs.

Just call, text, or email and a representative will be in contact with you to begin your project.
